

JUSTICE SECTOR CONSTELLATION STRATEGIC PLAN 2018-2020: SUMMARY

Justice Sector Constellation Theory of Change: When Albertans have the knowledge, resources and capability to understand and address their legal issues and the justice sector is accessible and coordinated, then the legal system will not contribute to or cause poverty.

Justice Sector Constellation working assumptions regarding the connection between its work and poverty reduction:

Emphasizing client-centered solutions will empower those facing legal issues to enable resolution of those legal issues. The possibility of having a legal issue can be reduced (prevention) and those facing a possible legal issue can be helped (intervention). Removing barriers to accessing the legal system can relieve poverty. If systemic change is effected, the legal system will not contribute to or cause poverty.

How is the justice sector connected to poverty reduction?
